Probably at least 15 or more of the reports were mine. And you ignored them completely for over 24 hours.

Then you still left some up after you "cleaned" the board"

You have proven yourself to be so hysterical over my existence that you actually are supporting spammers and people who are literally trying to destroy the board.

It is one of the stupidest things I have ever seen. And you continue to be completely and shamelessly unaware of what you are doing.

Why don't you go over to the new Esmb with out effix and continue your decompression and recovery from scientology there?

Okay. When I wrote the letter to Amy Scobee, the group members were identifying as Independent Scientologists. That is not to say their group wasn't peppered with corporate Scientologists or whatever other denominations or splinter groups. I haven't really followed the discussions about Rathbun's and Rinder's progressions and "progressions" out or "out." As far as I can tell, most of the people I was writing to Amy about haven't broken rank with each other. None of them have

corrected their unified false messaging on the SP doctrine, which is mainly what I find relevant.

Calling oneself a Scientologist seems virtually a statement against interest in this day and age. It is understandable to me why some find it difficult to let go of their religious affiliation or system of

I don't think Mike Rinder has "told all" about his years in Scientology, and I share Jesse Prince's view as to why that is; at the same time, I don't think he's secretly working for Miscavige.

Oh, God!

As I have often said, I have a life outside of ESMB . . . example, I run my own forum with a crew of MDs., PhDs and Uni Professor types . . . a lot of work is done daily via Zoom.

The other side of the coin of life is that not only did I myself suffer a compression fracture of my T12 vertebra the evening of 8/22/19 with visits to the Hospital Emergency Room and referrals to appropriate specialist MDs . . . but Sweet Virginia has had me accompanying her (I am her healthcare partner/adviser) on her rounds of the last several months of getting diagnosed and then the selecting of the surgical team (FOUR top flight specialists: a Neurological Surgeon, a Cardiologist, a Gastroenterologist, a Urologist) while rejecting others for the delicate and extensive surgery that will occur October 10. It happens my counsel did save her from a stupid MD directive to get a biopsy that would have been a catastrophic action. Details later for those interested.

So, you should understand I am not on top of everything that gets posted nor am I able to jump to the beck and call of anyone.

And so, to a fulsome reply to Emma's "Alright then. Fuck it." post of 9/24 Here: Emma, Tuesday at 7:27 AM #430 wherein she posts screen shot images of two emails sent her by me.

***Please pardon the resulting formatting from my copy-paste effort below.***

\*\*\*\*\*

How sad. Alanzo, again, has destroyed a good person . . . this as he destroys everything he touches.

This time it is Emma. This because she has broken a trust that was placed in her by someone who acted to help her.

Sadly for me, I got caught in the middle of the fight between two of my friends that I tried to protect.

EMMA, YOU SHOULD HAVE EMAILED ME SO WE COULD HAVE COME TO A LESS DESTRUCTIVE SOLUTION AND HANDLING ON THIS SCENE . . . INSTEAD, YOU VIOLATED THE TRUST I PLACED IN YOU AFTER I ACTED TO HELP YOU.

In order to put all this into perspective, we need to put all of the data in context and in correct time-line as it was and has been available here on ESMB.

As I have earlier posted, I have a life outside of ESMB and have never been involved with any of

the other Ex-Scio Boards. I am on only a couple of Facebook groups.

Firstly, for the last two years, (and I did not know it till this weekend) Alanzo has been pushing on his blog the evil smear created and touted against Karen#1 (her nic here on ESMB) by OSA and the Cof\$ . . . I will later in this reply cite some facts to prove false the shit put out by OSA against Karen.

This for me, it is particularly saddening on two fronts: 1) as posted on ESMB, I've known Karen for 49 years. We are old horse riding buddies. 2) what is not known to you is the depth of respect and admiration I had for Emma. While I recently posted my admiration for what she had achieved with ESMB, you don't know that back in 2010 when she was taken into custody for questioning by Police and had her computers impounded as a result false accusations from the cult, the first action I took was to email her directly to pledge \$5,000 to help handle her legal bills, and cost of replacing her computer(s), and stated there was more if needed. And further, I acted to liaise with her to pay the monies offered directly to her Lawyer . . . this because a) I hate paying PayPal 3% and b) the sums of money involved in any event would raise alerts in the US banking system and be flagged to the IRS . . . but if sent through PayPal, fudgetaboutit!

And that is the set-up prior to Emma's post of August 11, 2019, Titled: Emma's gone mad.

<https://www.forum.exscn.net/threads/emmas-gone-mad.50501/>

She Wrote:

In January I asked Karen if she wanted to take over. After considering it she agreed. I was to make her a moderator so she could learn the ropes. I knew the server was paid for until late in the year so there wasn't any great hurry and time went by and I didn't action anything.

Fast forward to a few weeks ago. I checked the account at the service provider and found that the service expires September 3rd. I mentioned this to Alanzo and that I'd better get back in contact with Karen to see if the deal is still on. But before I had a chance to do that Alanzo posted something to Facebook telling people that Karen was taking over. In that post he said that I thought Karen was a control freak. Karen was right on it. She messaged me on Facebook asking if it was true. I told her that yes I had told Alanzo she was taking over, and yes I think she is a control freak. She wasn't happy. I can understand that but I wasn't going to lie. She also wasn't happy that I'd been in contact with Alanzo. I had trouble understanding why that was her business so I explained to her what I have explained to you in this post. I'm still not sure why that would be anyone's concern, but there you go. I asked her if she still wanted the board and after a a lot of questions she reluctantly said yes. I didn't give her much choice to be honest.

The only options in my mind at that time were:

1. Hand it over and walk away completely
2. Make a complete backup of the database, get a database expert to remove the PMs and IP addresses and make it available for download somewhere so historians can access it.

So Karen agreed to take it over.

A day or two later Karen told me she had reconsidered because she was concerned about being bullbaited by some members of ESMB who had publicly criticised her on Facebook, Alanzo being one of them.

Then, as we all know . . . the shit hits the fan.

On August 12, Karen announces on a new thread: Karen's leaving

Now we don't know what was actually said between Emma and Karen . . . that is missing data.

What we now know is that Alanzo had been sliming Karen on the internet using the OSA produced Black PR piece for at least 2 years, and as at this moment, we know Emma has been supporting him and feeding him info given to her in confidence.

At the time, these facts were unknown to me.

Part of the traffic at the time was this:

JustSheila said: ↑

Geez Emma, I know you've been through a lot lately, but that wasn't cool.

I replied:

It wasn't Emma that caused the fracture . . . it is the result of Alanzo's evil . . .

Emma privately expressed a feeling . . . Alanzo used it to cause strife.

What's new in Alanzo's life?

There was, of course, comment of back channel shit flying about on the internet and Emma stating she was into a "noisy investigation" and yap about OCMB and did or did not Karen and Jeffery get control of it and kill it!!! Emma mentioned she had been put in possession of emails from the ex-community that caused her to get into doing the invest. None of this interested me and I had nothing to do with it. It was BEFORE I exchanged any emails with Emma.

The next event on this parade was my post, dated September 15, on the thread Moderator DOF? Here:

You don't have a view, you have an agenda.

Yes, and it is demonstrably that of the negating, making nothing of, putting down, manipulating of and/or the destruction of all you he touches.

Indeed, I find it quite amazing that for a guy who has declared himself bankrupt he spends SO MUCH TIME stalking good folks here. Strikes me that a more intelligent and productive use of time would be to go earn \$\$\$\$'s instead of spreading shit here.

This intended to put him in his place with some good advice.

To be noted is that Alanzo was not outed by me here. Everyone and his dog, cat and canary knows Alanzo is Allen Stanfield . . . he himself has revealed that on ESMB at least three times to my knowledge.

This link is one such occasion: <https://exscn.net/forum/threads/alan-walter-anecdotes.15114/#post-341396> dated December 4, 2009.

And here is Magoo's hilarious response . . . note it was made six years later!!:

Magoo said: ↑

Two things:

OMG: Allen Stanfield is Alanzo?

And you are from Bloomington, IL?

I think I know you.

Secondly.....ok, I'm waaaaaaaaaaaay late on this thread (Aug 2015 to be exact)

But come on.....you were given ONE process and it changed your life, forever, and you're not going to tell us what it is?

What?

Tory/Magoo

And, to be honest, if you want to know WTF about ANYONE, you Google them . . . it's public knowledge, my Dears. But since this is now all out as a result of Emma's breach of trust . . . you can Google Allen Stanfield . . . but to save you having to work your way through the list of other guys with the same name, be more specific with your search criteria try:  
Allen Stanfield "bankruptcy"

Then, following my post on Alanzo's stupid bankruptcy, Emma, following her initial post on the Moderator DOF? thread, Emma then emailed me. Here is the traffic. Note that it is complete: no omissions or highlights for "effect."

Sweetness,

Attached official notice.

Alanzo applied to me in his real name (he had outed himself on ESMB earlier) to become friends after he was banned back in the bad ol' days.

I, personally, would not let the bastard near me even if he was sanitized and sealed in a hazmat suit. The bastard is a mind-bending snake.

Hence, I was alerted when you wrote that that he'd contacted/approached you and helped you recover some "sanity" . . . the rest, as they say is history.

The only info I have on the bankruptcy is as per the attached official doc.

Love to you . . .

This is where I had to make a judgement call . . . should I reveal the source of my info??? I decided truth is truth, and we should live with and by it. And hence I decided to trust Emma with the info. Little did I know Jeffery was a long term opponent of hers operating under various aliases on different other ex-Scio forums I had never visited.

It was sent to me by Jeffery, Karen's fellow. As you know, Karen and I have been close since our days in London circa 1970. I don't abandon friends and good guys.

Hence, it saddened me greatly that Alanzo caused you two to publicly break-up by his betraying your confidence in him regarding your feelings of her being a "control freak" . . .

I have not bothered to go to the court records to verify the doc . . . I can't see someone going to the trouble of fraudulently creating that monster multi-page thing. Alanzo is NOT important enough to do so.

To be honest, I've had the doc for some months or so and ignored it till now. But the Alanzo is out of control and needs shutting down.

Sweetness,

I know you'll understand that it is/would be difficult for me to forward traffic in these circumstances.

I say this in the context I know you would not want me to forward your confidences in me to another.

In simple terms, I have not been put in possession of any info that is not already known history on ESMB . . . example Jeffery reminded me of your background of work for OSA that you had posted here: <https://exscn.net/forum/threads/me-patty-osa-gavino-those-logs.3243/> back in Emma, Jan 9, 2008

All else in the email is opinion about the future of ESMB now that Alanzo has polluted it.

Personally, I applaud your honesty in all you have done and posted.

One thing I can and will say, this because it is an item of truth that I think might help you guys, Karen did express to me herself directly, her disappointment that her honest offer of financial (?) help has been publicly misconstrued as an OSA tactic employed to put you in debt and gain control of you.

I can vouch for Karen's honest good charity towards others . . .

You are now aware of the totality of what has been communicated to me.

I sincerely hope it puts your mind to rest so you can focus on more important and profitable things.

Hi Rog, no I never got this.

One thing I want to correct...I never said that Karen offering financial support was an OSA tactic. I never said it and I don't believe it. To me Karen expected "compliance" and I felt obligated to comply when asked because of previous "favours" or "gifts". Its hard to explain. I did find it a relief to get out from her control, whether it was just perceived or actual.

Jeffrey will be trying hard to discredit me. I knew that would happen and I don't care. I've been honest with my history and those threads are public for anyone to find. I've referred to them myself many times. There are no other secrets. But he has other secrets. He is scared I'll expose them, that's all. So dead agent me first is how it works.

Rog, trust Karen, but not Jeffrey. He is not who he seems. Why would he go to all that trouble to pay for financial records of Alanzo? Isn't that taking things just a bit too far? Aside from all else, Alanzo is still an ex and still trying to climb out of it like we all are. Jeffrey is not an ex. He is a liar. He is also ruthless.

Ok, so thanks for the emails. I appreciate you telling me what you did.

Love,

Here we get into sorting out the missing email. I reply . . . note, my answers I slot into Emma's long email are in red so the answers apply to the points as she makes them. It's a habit I've gotten into when dealing with the guys on my forum.

Here you will note I was not at the time aware of Alanzo's use of and promotion of the OSA Dead Agenting bullshit against Karen. Note I only refer to the 3rd Party action by him of publishing (and I don't know where) Emma's confidential comment to him of her "control freak" thing as noted above.

Very much understood. She does have a way of "impressing her will." There has been so much shit flying, I dunno where I got the idea that the offer of financial help was an OSA tactic, though I do remember those words . . . maybe an Alanzo scribe?

Jeffrey will be trying hard to discredit me. I knew that would happen and I don't care. I've been honest with my history and those threads are public for anyone to find. I've referred to them myself many times. There are no other secrets. But he has other secrets. He is scared I'll expose them, that's all. So dead agent me first is how it works.

Oh yes. Understood. Jeffery I know nothing of . . . and don't need any more junk in my head  
As regards you, I am sure you understand you have my utter support and trust.

Rog, trust Karen, but not Jeffrey. He is not who he seems. Why would he go to all that trouble to pay for financial records of Alanzo? Isn't that taking things just a bit too far? Aside from all else, Alanzo is still an ex and still trying to climb out of it like we all are. Jeffrey is not an ex. He is a liar. He is also ruthless.

Yes, Karen is much an abused and wounded little lady. She is a fighter and honest. The problem with having been in the cult and been brutalized by it is that one can become a little sensitive and too speedily reactive against things one perceives as against one's interests. As regards Jeffery, I have no knowledge and don't care. I don't know that it was his initiative to send me the info on you . . . what I do know historically is that Karen does use and direct Jeffery to handle a lot of this type of computer traffic . . . example: whenever I've had to have a Skype conversation with her, she has to have or order him to set the session up for her . . . which point I have found "strange."

She is obviously very upset following the 3rd party thing by Alanzo . . . and I can understand her incorrectly acting (and involving Jeffery to act on her behalf) to "dead agent" a perceived opponent. It's all crazy kult reaction.

What Jeff's background and motives are, I don't know nor really care, but do take your good advice.

Ok, so thanks for the emails. I appreciate you telling me what you did.

Thanks. And I know you understand it would not be an ideal for me to be willy-nilly punching off private traffic. I saw that in the way in which you asked "if I could."

You do have all the info send me that refers to you and Alanzo.

Next came the drama created by YOU, Dear Emma, as noted by some others as I see now I have had a chance to catch up this morning (9/25/19)

Though this is not likely to get posted till tomorrow as Sweet V and I have a trip to her lead surgeon this afternoon (it's now 1:09pm as I type . . . all that copy-paste above is time consuming!!). (Update, just returned from long, long meeting with MD: 4:50pm. Big new news. His team has expanded to the point that this morning the whole expanded gang had one of those "Conference" things with all of the talent at this teaching hospital to go over the whole scene based on most recent imaging of Sweet V ("with contrast" . . . .)

Emma, I did see your needling, needling, needling posts calling for whom ever sent the emails: "to show some balls," and such . . . I did not know you specifically were referring to my emails as you had earlier mentioned other shit than mine.

The truth is, you were referring to multiple emails sent to and received by MULTIPLE terminals.

I exchanged emails ONLY with you. So how could I know who or what emails you referred to?

Here is an exchange between JustShiela and you:

Emma said: ↑

No Sheila, two people confirmed and forwarded the email to me. A LOT of people got that email. Were you one of them?

Note this last statement: Emma says, "No Sheila, two people confirmed and forwarded the email to me. A LOT of people got that email. Were you one of them?"

As the above record of my exchange with Emma shows and proves, I only exchanged emails with Emma. The shit referred to by Emma and Sheila was not mine, unless Emma was lying and running a deliberate shit stirring smear campaign.

**The reason I remained silent was at the specific request of Karen . . .**  
. . . and you know why. It's called the Streisand Effect. You know what that is. We had a thread on it once. The more we fed this Alanzo monster, the more traffic gets drawn to his blog where he runs his OSA created shit to besmirch her. She, like any decent person, just wanted the noise to cool down.

### **But YOU kept stirring it up!**

So on the one hand, at her request, I remained silent; but on the other hand I was not only not certain whose or which email(s) you were needling on about, I was up to my bloody eyeballs with other more urgent traffic.

But worse, I was handicapped by time restraints and demands of other priorities. ESMB is not my priority in life. I do not live for it. I'm like DullOldFart . . . I'm here because I feel I can help folks (see my very first post on ESMB) and for the camaraderie of those who are the good souls here.

**YOU SHOULD HAVE EMAILED ME!**- But instead you continued to stir shit on ESMB out of sight of me!

My first action every morning is the emails traffic, and I check in as a priority several times during the day.

You even have posted that you shared "the emails" with Alanzo!!!!

**That is stupid, irresponsible and, in the circumstances, a gross violation of trust.**

And now you have pulled this stunt of outing the content of my confidential attempt to help you . . . How sad that you and your ESMB goes down in flames like this.

And all for the failure to email me so we could work together to have had it differently.

**I recommend you get the snake out of your life and honor the good and true friends you have earned and made.**

Ummm, and I hope I don't see this response of mine vanished . . . believe me, if it does, it will appear elsewhere with compound interest. Discuss it, challenge it, falsify it if you can (I am open to correction) . . . but do not vanish it.

It happens my honor and good name is at stake.

Truth is truth . . . as I said above: "It is something we need to live with" . . . though it is equally true, the negative or even destructive expressions of it, need not persist.

I want to see my two friends dealt with in this ditty reunited in the friendship they deserve, and have in the past expressed (and I hope that expression was honest). Get the shit stirrers out of your lives, or under control, and live shit free.

RogerB

Roger, I know you are pissed at me and you have every right to be. You were not the first to send me Jeffrey's doxing on Alanzo but you were the first to name the source.

I thought it was disgusting but I shut up about it initially. Then I see mentions of it on ESMB, firstly by you and then others. It's one thing to dox someone but to do it behind their back is just shitty. So I made a call on it. I may live to regret it but I don't right now.

I get it, and I hope you understand I get it.

As long as my spamming is OK. I am OK!

EDIT: Also! No doxxing is ever OK. Period.

I don't think Mike Rinder has "told all" about his years in Scientology, and I share Jesse Prince's view as to why that is; at the same time, I don't think he's secretly working for Miscavige.

What he said.

I'm not sure why Emma didn't bring this email up weeks ago when she became aware of it. I don't see that it needed all that unnecessary mystery sandwich drama.

I actually wasn't going to say anything about it and didn't until I saw it hinted at all over the board and wanted it exposed.

Emma said: ↑

Maybe I should ban him. He's a spammer. If it's not OK to put up emails about Karen, then it's not OK to post details of Alanzo's bankruptcy. Or are we in disagreement here?

Emma said: ↑

Well you for one. But if you like I can go and undelete the Alanzo post showing the Karen emails. Do you want that?

@Type4\_PTS are you going to answer me? Or are you busy with life and I have to wait a whole 24 hours?

I'm fine with you banning anyone (after a proper warning), if they violate the rules of the board.

I am not OK with spamming or anyone doxing anyone else. Nor is it anything I've ever done in my years here.

Why you seemingly changed the rules to allow such is a mystery to me.

And I'm not OK with applying the rules unequally because you like what some are writing but dislike others.

Quite honestly, both of them are in the "snoozefest" category, IMO.

Alanzo has been attacking Karen with similar stuff for years. No big deal with his latest.

I said in another post how stupid it is to use a bankruptcy as some kind of an expose, considering how common they are.

All of it comes under the heading of "tacky" rather than "shocking".

Both of these things say a lot more about the person "exposing" the material than the target of the exposure.

All this "things you aren't allowed to say".

I haven't seen a whole lot so far that doesn't fall under the category of "manufactured drama".

As to why I personally didn't report Out Ethics on his spamming?

For one, it never occurred to me, TBH. I don't think I've ever reported anyone about anything.

And I knew as soon as you saw it, you'd get rid of it. I wasn't concerned about that.

me Jeffrey's doxing on Alanzo but you were the first to name the source.

I thought it was disgusting but I shut up about it initially. Then I see mentions of it on ESMB, firstly by you and then others. It's one thing to dox someone but to do it behind their back is just shitty. So I made a call on it. I may live to regret it but I don't right now.

Well, my Love, I am not pissed at you; disappointed, yes . . . but I do understand the strain and pressures of what to do when, and forgive what I consider a poor choice.

Clearer communication generally, and an email to me, would have solved it all.

I understand the drama of being on the firing line, along with the effects on oneself of the choices one makes regarding the company one keeps.

It always reminds me of the Indiana Jones and the Last Crusade movie where the old Knight guarding the Holy Grail refers to the choices one can make: "Choose wisely or choose poorly."

Been going on for a while now.

70-80% of the posts on ESMB for the last 2 months have been an hysterical anti-crusade crusade against the evil that is Alanzo.

There's a whole other board to go to if they really wanted to get rid of Alanzo.

But they can't. They have a crusade to wage. An anti-crusade crusade.

More incredible hypocrisy.

It never ceases to astound me.

It was a joke.

I thought by putting this in this symbol - - it would convey that. Apparently not.

I'm not on a crusade of any nature. But I will attempt to refute some of what I feel are misrepresentations that have been made as concerns that email.

If I was on a crusade though why wouldn't you welcome me with open arms as you do for Alanzo?

Alanzo has been screaming that he has been a victim of Fair Game. This post is designed to correct some of the false information that both he and Emma have posted about this.

Here are some of the claims made from Emma (all of them are from the Mike "I'm All About the Crimes" Rinder thread. I included a link to the full comment so you can see it in context.

(Emma's comments are in blue):

If you saw the email you'd puke. It's as nasty as anything OSA have ever done. It contains his SS number, his financial position, his assets, his liabilities, his address, etc. <https://exscn.net/forum/threads/mike-im-all-about-the-crimes-rinder.50647/page-16#post-1228507>

*The claim that it contained his social security number is false. Bankruptcy files are a public domain document and never contain a full social security number.*

*As others have said, in the US, bankruptcy documents are a matter of public record. Public disclosure is the price one pays for going bankrupt in America and getting rid of their debts. Alanzo knows this.*

I've now had 2 sources come to me with the same lines, and a CERTAINTY that Alanzo is being paid by OSA because of being broke. HH used to post here all day as well but no one considered him to be broke. Why all this certainty about being broke? Is there something people aren't saying? Is there some information floating around the back channel that confirms this idea that Alanzo is broke?

<https://exscn.net/forum/threads/mike-im-all-about-the-crimes-rinder.50647/page-14#post-1228435>

*I see absolute nothing in the email that conveys (or even suggests) that Alanzo is being paid by OSA because of being broke.*

No Sheila, two people confirmed and forwarded the email to me. A LOT of people got that email. Were you one of them?

<https://exscn.net/forum/threads/mike-im-all-about-the-crimes-rinder.50647/page-15#post-1228476>

*Who were a LOT of people?*

*Given the way I've been posting towards Alanzo since he got back I would think I'd be one of the first ones to get such a mail, but I never did.*

*I'm not sure which number post this is, so will post a screenshot:*

*Given some work I've done in the past (doing background checks for a Fortune 50 company) I know that here in the U.S. it takes less than 5 minutes for anyone to acquire bankruptcy documents. If you know the real name of a person it takes about 30 seconds to locate bankruptcy documents. And all public dox can be downloaded at pacer.gov for 10 cents per page.*

<https://exscn.net/forum/threads/mike-im-all-about-the-crimes-rinder.50647/page-18#post-1228545>

*OSA doesn't pay people in a way that creates paper trails; and often they utilize 3rd parties like attorneys and PI's to accomplish their objectives.*

*IF Alanzo did receive any money that originated from the CoS it's possible he's unaware of where the money actually came from.*

Actually, if Alanzo was paid by OSA then the special private investigators that these Ex Scientologists employed to follow him should have evidence right? And if there was evidence it would have been shown right? I mean, come on!

<https://exscn.net/forum/threads/mike-im-all-about-the-crimes-rinder.50647/page-18#post-1228546>

*This is a false claim, unless you have evidence that he was followed by "special private investigators".*

*All in all, you presented the allegations in a way that was much worse than what is supported by the evidence.*

*Nobody was DOX'ed, which refers to the publishing of peoples information. Sending a private confidential email to someone doesn't qualify.*

*His intent seems to have been to discuss it with Roger (whose email you published on ESMB).*

*It looks like you and Alanzo used a leaked e-mail to engage in your own cheap shot Fair Game against and Jeff and Karen.*

*Had Jeffrey wished to DOX Alanzo, he could have published it on his own blog, The Scientology Money Project (with over 6200 followers) as well as on the Aftermath Facebook group where he is active (the one run by Aaron Smith-Levin) with over 20,000 members.*

*Given the OSA-like tactics Alanzo has been utilizing for years against Karen, I'd say that Jeffrey exercised great restraint.*
